Why are you running for the Board of Trustees (BOT)?

To be able to serve and help with something that I'm vested in.

What experience and skills do you have which makes you a good choice for the BOT?

I have a previous background in law enforcement and own two companies managing day to day operations.

Why did you choose Halifax Academy to educate your children?

We chose Halifax Academy initially because of the common sense approach to covid. I have grown to love and appreciate this school since. It is less worldly and leans towards God. It teaches what our kids should be taught.

What is Halifax Academy's strength?

That it is small and doesn't necessarily go with all the political correctness and hidden agendas of the times.

What area does the BOT need to focus on to improve Halifax Academy?

Having only been around for 3 years I haven't noticed a lot. I'm sure there are areas to improve in but if something is not broken we shouldn't be looking for persons to fix it. For the areas that need improving prioritize and move through them accordingly.

What, in your opinion, is the most important issue facing Halifax Academy, and how would you address the issue as a member of the BOT?

Keeping the small private school small and private. Doing this by hiring the right teachers and admin with similar views and ideas to keep it small and private. All without sacrificing our kids education and keeping the woke agenda and other non-sense out.

How would you, as a BOT member, maintain affordable tuition and modernize the existing structures?

Try to get new parents / students in the area interested in joining what we have to offer maybe by advertising etc. Possibly look into some of the grants that may be available but without strings attached of course. Hard to say not knowing the financial situation currently.

What would you tell prospective members about Halifax Academy?

Being around the school, its parents and students just feels right. We are a family oriented school which means a lot these days. Its small town but good education at the same time. We don't ban prayer we encourage it.
